

AUTHORISED PERSON PETROLEUM

CITY & GUILDS ACCREDITED (APP)

Course Overview:

This City & Guilds Accredited training course is designed to introduce the Authorised Person (Petroleum) to the requirements of safe working on petroleum installations. It is the Authorised Person's responsibility to ensure that the Safe Systems of Work for installations are implemented, managed and controlled by the appointed Competent Persons (CP). This course has also been developed in line with the requirements of JSP375 Volume 3 Chapter 5 and procedures for Petroleum.

Who Is This Course For:

This is aimed at engineering staff who have the responsibility for the safe handling of petroleum, and who may be appointed as the Authorised Person (Petroleum).

Key Learning Areas Covered in This Course:

- Introduction to petroleum products, characteristics and classification
- Understand the current Health and Safety legislation in respect to petroleum installations
- Hazards and risks associated with petroleum product, and infrastructure
- Overview of petroleum systems and installations
- JSP 375 Vol 3 Chapter 5 – Rules and Procedures, Roles and Duties
- Isolation methodology
