

AUTHORISED PERSON ELECTRICAL LOW VOLTAGE

CITY & GUILDS ACCREDITED (APLV)

Course Overview:

The City & Guilds accredited Authorised Person Electrical Low Voltage course will enable you to gain the knowledge required to carry out Authorised Person duties and responsibilities in order to achieve compliance with the requirements of the Electricity at Work Regulations 1989, using JSP375 as the reference for safe procedures.

Who Is This Course For:

This course is aimed at experienced engineering staff within the MOD and Commercial sectors who may have responsibility for the control, operation or maintenance of installed low voltage systems and who may be appointed as Authorised Person (Electrical Low Voltage).

Key Learning Areas Covered in This Course:

- Low voltage equipment including switchgear and protective devices
- Requirements of Electricity at Work Regulations
- Safe working practices with electricity (HSG85+JSP375)
- Safe isolation of standby power supplies and UPS equipment
- Roles and duties of personnel
- Low voltage working procedures
- Audit requirements
- Practical exercises in completion of safety documentation and hands on implementation
- Completion of log books and associated documentation

Course Duration / Fees / Location:

4 day training course, £1,145+VAT per delegate. Available in York, Slough and On-site. Accommodation from £98+VAT (including DBB)
