## Water Regulations (WARE) BPEC Accredited

### Course Overview:

On successful completion of this course you will be able to apply to be an 'approved contractor' for water regulation purposes. This means that you can self-certify your plumbing work and also work for housing associations and other various non-government bodies. You will also be able to join the WIAPS Approved Plumbers Scheme providing you hold other relevant certificates.

### Who Is This Course For:

This course is aimed at practising plumbers working to water regulation requirements. It covers the knowledge required to be assessed on the BPEC Water Regulation certificate.

### Key Learning Areas Covered In This Course:

- Introduction, background and legislation to UK Water Regulations
- Materials and substances in contact with water
- Requirements for water fittings
- Water system design
- Installation commissioning
- Cross connections
- Back flow prevention
- Hot and cold water services
- WC's and urinals
- Sanitary appliances and water for outside use

### Course Duration / Location:

1 day training course, available in York, Slough and Onsite

### Course Fees:

£250+VAT per delegate. Accommodation from £98+VAT per night (including DBB)
